(Referred to in paragraph 1(f) under Report on Other Legal and Regulatory Requirements’ section of our report of even date)

We have audited the internal financial controls over financial reporting of ATLAS CYCLES (SAHIBABAD) LIMITED (“the Company”) as of 31 March 2020 in conjunction with our audit of the standalone Ind AS Financial Statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the Ind AS Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS Financial Statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountant of India".

NOTES TO THE FINANCIAL STATEMENTS

1. Corporate information

2. Significant Accounting Policies

2.1 Basis of Preparation

These financial statements are prepared on historical cost basis, except for certain financial instruments which are measured at fair values as explained in the accounting policies below.

2.2 Critical accounting judgements and key source of estimation uncertainty

The preparation of the financial statements requires management to make estimates and assumptions that effect the reported amounts of revenue, expense, assets and liabilities and disclosures relating to contingent liabilities on the date of the financial statements. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates is recognized in the period in which the estimate is revised and in any future period affected. Key source of estimation uncertainty which may cause material adjustments:

2.2.1 Revenue recognition

Finance income for service concession arrangement under finance assets model is recognized using effective interest method. Revenue from operations and maintenance services are separately recognized in each period as and when services are rendered.

Interest income is recognized on time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend income is recognized when the shareholders right to receive payment has been established.

2.2.2 Income Tax

Income Tax expense comprises current tax expense and net change in the deferred tax assets or liability during the year. Current and deferred tax are recognized in profit or loss, except they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.3 Provisions

Provisions are recognised when the company has present obligation (legal or constructive) as a result of a past event for which reliable estimate can be made of the amount of obligation and it is probable that the company will be required to settle the obligation. When a provision is measured using cash flows estimated to settle the present obligation its carrying amount is the present value of those cash flows; unless the effect of time value of money is immaterial.

h

2.4 Financial assets and financial liabilities – subsequent measurement

Financial assets at amortised cost Share capital

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit and loss are immediately recognized in statement of profit and loss.

Investment in subsidiaries is carried at cost in accordance with Ind AS 27 – Separate Financial Statements

Cash and cash equivalents

The company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial liabilities

Subsequent to initial recognition, these liabilities are measured at amortised cost using the effective interest method.

2.5 Earnings per share ('EPS')

Basic EPS are computed by dividing profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. Diluted EPS is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic EPS and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issued including for changes effected prior to the approval of the financial statements by the Board of Directors.
